Sir,

In reply to your No.5749/San.91-15-2, dated the 7th instant I have the honor to state that for reasons explained in my letter No.4021 dated the 2nd March 1915, I am not in a position to furnish definite information regarding the amounts to be provided in the Municipal and District Fund budgets of each District under "Plague and other epidemic charges" during the year 1916-17; so that I might be kept informed of the needs of and progress of expenditure under this head in each local area, I request that Government may be pleased to instruct the Presidents of the District and Municipal Boards to furnish me with a half-yearly statement showing the budget allotments, expenditure during the half-year, extent of incidence of the disease and the nature of the preventive measures adopted in each of the towns and rural circles.

2. Besides furnishing the data required for estimating the budget allotments that would be required for future years, the statements will be of use in drawing and keeping the attention of the local bodies to the need for taking organised measures for the prevention of epidemics. If so desired, I shall be glad, to consolidate the statements and submit a half-yearly review for the information of Government.
